Summer Show 2015

From the President

Well we're over our shows for the year and headed for the Festive season.

Thanks to the retiring show committee for the effort in the organisation of our four shows this year. They were all wonderful.

Welcome to the newly elected show committee, the bar has been set pretty high but I'm confident of even further successes next year.

Several members have commented that the summer show is too close to the spring show as everyone is "showed" out and have to back up again without any plant time. Something for the SC to ponder.

Speaking of summer shows – another great effort by exhibitors once again but what really impressed me was the terrific number (and quality) of plants on the novice tables. Best I've seen in years. Well done to our novice growers.

Don't forget it's only a couple of meetings to our AGM where we'll be looking to fill several positions so if you feel you can contribute something to the running of our society please don't hesitate to nominate. The job of president is one that is up for grabs next year as I intend having a year off all duties and enjoying my plants.

Just arrived home from the Nambour species show where once again we saw some wonderful plants not seen before – and picked up a couple of "bargains" from the sales section. The benefits derived from visiting such events cannot be overstated. Until next month, enjoy our great hobby and good growing. *John*

Subscriptions:

Due February Yearly

Family \$25.00

Single \$25.00

Editor Says:

The Summer Show was another lovely day enjoyed by many. Once again congratulations to our Champions, Grand Champion went to David & Carolyn Woolf, Reserve Champion to ourselves Steve & Sonia Pope, and Novice Champion to Bernie & Ann Breuel, and congratulations to all the other prize winners. Remember too that I believe everyone who puts a plant into the show is already a champion. Yes I will say it again ... Without you there would not be such an awesome display of plants for us and the public to enjoy, and without our Novices our club would not grow. I know that many of us feel showed out by the time the summer show gets here, but when you look at the other plants in flower at that time of the year, ones we don't see at other shows it makes it all worthwhile I reckon and I am sure many others do too. We are so lucky to live here and to be able to grow so many different types of orchids and to have the numbers that we do to be able to put on a wonderful display. It is also another opportunity for members to purchase another plant or two, and for the general public to buy more, plus to maybe have new members join our club. As a club I think over the past couple of summer shows our Sarc. plant numbers are building up again, which is great to see.

You will find listed below information regarding The Orchid Species Society Show, this is another good opportunity to show others the diverse range of orchids we are able to grow successfully here. It is also a fun day out for those who wish to venture down and have a look. Good luck to those who are entering plants.

Are you finished with your potting up? Or are you like me and still working on it? (Pretty sure Steve has finished the ones he does. 😊) Luckily I am drawing to a close with not too many more to do. It is one of those jobs that can be a mammoth task (depending on the quantity of orchids you have) but it is also an enjoyable task and learning time. You get to check the root systems properly and learn what mix is and isn't working for that particular plant. It is always said that our children and our pets are always teaching us something new, well I feel that our orchids do too.

Don't forget any time you have a question about orchids, or if you are having an issue with a particular orchid then please ask. There is always someone available to help out, and there is an enormous wealth of knowledge within the club.

As the end of the year draws closer we tend to be looking forward to that time of rest, where we can spend more time with our orchids, and get them prepared for the heat of summer, and for that wonderful time of the year called Christmas. I used to think when the kids left school this time of the year wouldn't be so hectic, but alas it is. We think we have a rest period coming but then we realize that there really isn't any rest for the wicked. Put aside the hustle and bustle and enjoy the rest of the year, take the time to spend quality time with those you love. Take care and see you all at the next meeting, if not before.

Sonia & Steve

Date Claimers & Information for Members

Christmas Party

Date: 4th December 2015

Time: 6.30pm

Venue: Angelos House, Herries St.

Dinner and Dessert for members is provided by the club, drinks aren't included. These can be purchased at the restaurant.

Non-members are to pay for their meals and drinks.

Looking forward to a really good night, with some great food and company. We have had a really big year this year and we look forward to having a wonderful night to end the year with festive celebrations.

Reminder: Sausage sizzle is on at Bunnings on 20th December. So if you have some spare time to give a hand for an hour or two or three, it would be gratefully appreciated. It is usually a fun day.

Upcoming Shows in other districts

Orchid Species Society: 14th/15th November 2015

IMPORTANT MESSAGES FOR MEMBERS

Regarding The Orchid Species Society Show

Venue: Auditorium, Mt Coot-tha Botanic Gardens **Date:** Sat. 14th Nov, 8.30am – 4pm. Sun. 15th Nov, 9.00am – 3.30pm.

Anyone wanting to enter plants into this show will need to make note of the following information.

1. Plant lists need to be sent to Murray by the 9th Nov.
2. Due to set up being on the 13th plants need to be delivered to Murray by 12 o'clock on the 12th Nov.

Even if you aren't intending to show plants, it would be a great day out. An opportunity to visit another show and perhaps purchase some more little beauties to add to your collection. Admission fee \$4.00

We have club Shirts and Polo Shirts for purchase. If you need one, see Colleen. \$28.00 each

Happy Diners

Just a reminder that there is no Happy Diners in December, due to the Christmas Dinner being the following night.

Date	Venue	Time
7 th January 2016	Hockey Club, Boundary Road, Toowoomba	11.30am

For further information see Kev Baker or phone 4632 4952

Thank you to David Woolf, who was the guest speaker at the October meeting. Once again it was very informative. He filled our minds with information about how to use ph & pc meters and the importance of the quality of our water and fertilizers and the effect these things have on our plants, especially if the balances are way out of range for what our orchids like and how to rectify any problems. Once again I am sure we all walked away having learnt something we didn't know. I know I speak for everyone when I say how much we enjoy this section of our monthly meetings.

Thanks again David.

Our Guest Speaker for the November meeting will be talking about potting orchids. So come along and hear some very interesting tidbits.

TOOWOOMBA ORCHID SOCIETY Inc. General Meeting Minutes, 23rd October 2015, at St Paul's Church Hall, Phillip St, Toowoomba.

The meeting was declared open at 7-30pm by President John Terry who welcomed members.

General housekeeping including Toilet location and Evacuation procedures was mentioned.

Apologies. nil

Judges for Tonight: Cec Crees, Mal Martin and Rhonda Barnett

New Members: Committee has approved membership for Annette Cheung and Carol and Lynn Pemberton and were welcomed in their absence.

Visitors: Kerry Smith and Peter Kraut.

Guest Speaker: A discussion on pH and EC meters and their relevance in orchid culture hosted by David Woolf.

Minutes: The minutes of the August 2015 meeting, as printed in September 2015 Tan Bark, are true and correct. Moved by David Woolf and seconded by Roy Anderson. Carried.

Correspondence; Secretary Bernie gave us a quick report on the correspondence for the month which was tabled for member's perusal. Bernie moved that the correspondence be accepted: seconded by Con Harriman. Carried.

Treasurer's Report.

Treasurer Murray presented the financial report showing a credit balance in the working account of \$6922 and several accounts for payment. M Ferguson moved that the financial report be accepted and accounts be passed for payment. Seconded by Kev Baker - Carried.

General Business.

1. Moved Murray Ferguson, seconded Elmo Koelmeyer that the conference account with Heritage Bank be closed as all cheques have been cleared. Carried.
2. The term of the present show committee has ended. The president asked the meeting to show their appreciation for the effort put in by the retiring committee and has nominations from the following: Kev Baker, Mal Martin, Trevor Deans, Val Jellyman and Murray Ferguson. This group was welcomed as the new show committee.
3. Murray produced a balance sheet for the spring show showing an approximate profit of over \$12,000. Well done all. Further discussion ensued as to the merit of holding the summer show so close to the spring show and also the possibility of the winter show taking on a 2 day format. Something for the new show committee to ponder.
4. The meeting was reminded of the sausage sizzle at Bunnings on the 20th December. A roster will be circulated next meeting for volunteers.
5. TOS Christmas Party will be held on 4th December. All names to be in to Carolyn Woolf tonight.
6. The meeting was informed that Elmo and Judy are moving soon and we'll be looking to fill the role of someone to sell club wares to members.
7. President John raised concerns as to the balance of content at meetings. Too technical and is too much for novice growers – too basic and is boring for senior growers. He invited input from members. Heather praised the new growers concept and urged more participation. Further input from members as to what they would like to see as to the format in future.
8. Roy Anderson gave members a good look through the TOS web site with lots of information now available at the click of a mouse.
9. TOS is putting on a table top display at the show of the Species society at Mt. Coot-tha on the 17th November so plants are needed. See Murray or Kev for details.
10. Happy diners for December has been cancelled being the day before the Christmas party.
11. Sonia and Steve Pope have graduated from open to Master grower status. They were presented with a certificate and congratulated.
12. A new sound system was loaned to the club for a trial by David Newlands and from all accounts was far superior to the current system. Thanks David.
13. Geoff Deacon told the meeting of the Lions Christmas Lights and urged club participation.

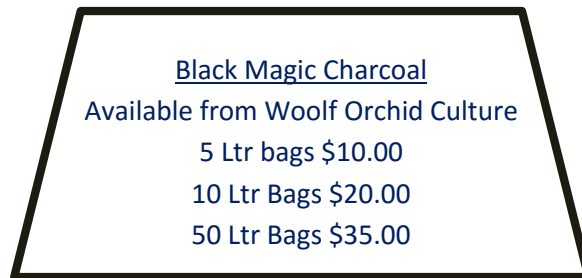

David Woolf then hosted an informative discussion on the need for and use of pH and EC meters. He was warmly thanked.

The president thanked all members for their attendance and participation and reminded committee members of the meeting on Monday night, 26th October at 7.00pm.

Meeting closed at 9.45pm.

Next Meeting: 27th November 2015. 7.30pm

Buy, Swap or Sell

Remember –If you have plants spare and would like to sell them, you can bring them along to meetings and sell them. No commission is charged

Pots and accessories are available from Elmo and Judy. 9 Donaghy Crt. Highfields. Phone 46155148.
