

Toowoomba Orchid Society

Show Schedule

Spring Show 2023

Friday 15th to 18th September

St Pauls Lutheran Church Hall, Cnr. James & Phillip Sts, Toowoomba

Show setup will commence at 2pm on THURSDAY 14th

Benching of Orchids for Display from 4pm

Judging starts 7.30pm

SHOW CHAMPIONS

Grand Champion

Reserve Champion

Champion Novice

Champion Specimen

Champion Seedling

Champion Species

SECTION CHAMPIONS

Champion Australian Native

Champion Sarcochilus

Champion Cymbidium

Champion Dendrobium Alliance

Champion Cattleya Alliance

Champion Lycaste

Champion Oncidium Alliance

Champion Paphiopedilum Alliance

Champion Phalaenopsis Alliance

Champion Pleurothiad Alliance

Champion Vandaceous Alliance

Champion Any Other Genus

Champion Foliage

AUSTRALIAN NATIVE

Notes:

- A1 Dendrobium - predominately Purple/Pink/Red
- A2 Dendrobium - predominately White
- A3 Dendrobium - predominately Yellow
- A4 Dendrobium - any other Colour
- A5 Sarcochilus - predominately White
- A6 Sarcochilus - predominately Pink/Red
- A7 Sarcochilus - predominately Spotted
- A8 Sarcochilus - any other Colour
- A9 Sarcochilus - seedling
- A10 Australian Native Hybrid (Other)
- A11 Australian Hybrid Seedling
- A12 Australian Species Seedling
- A13 Dendrobium kingianum
- A14 Dendrobium speciosum
- A15 Australian Native Dendrobium Species (Other)
- A16 Australian Native Any Other Species (Terrestrial included)
- A17 Sarcochilus - species hartmannii
- A18 Sarcochilus - species other
- A19 Australian Native - spare

CYMBIDIUM

- Notes:* *Standard Type - Majority of blooms > 90mm*
 Intermediate Type - Majority of blooms 61mm - 90mm
 Miniature Type - Majority of blooms 30mm - 60mm
 Ultra Miniature Type - Majority of blooms < 30mm

- B1 Standard Cymbidium - predominately Pink/Red
- B2 Standard Cymbidium - predominately Green/Yellow/White
- B3 Standard Cymbidium any other Colour combination of Colours
- B4 Intermediate Cymbidium - predominately Pink/Red
- B5 Intermediate Cymbidium - predominately Green/Yellow/White
- B6 Intermediate Cymbidium - any other colour or combination of colours
- B7 Miniature Cymbidium - predominantly pink/red
- B8 Miniature Cymbidium - predominantly green/yellow/white
- B9 Miniature Cymbidium - any other colour or combination of colours
- B10 Cymbidium Species
- B11 Cymbidium Seedling
- B12 Cymbidium spare

DENDROBIUM ALLIANCE

Notes:

- C1 Softcane - predominately White/Yellow
- C2 Softcane - predominately Purple/Pink/Red

DENDROBIUM ALLIANCE

Notes:

- C3 Softcane - Any other Colour
- C4 Hardcane - predominately White (Ceretobe/Phalanthe/Spatulata)
- C5 Hardcane - predominately Purple (Ceretobe/Phalanthe/Spatulata)
- C6 Hardcane - Any other Colour (Ceretobe/Phalanthe/Spatulata)
- C7 Dendrobium - other type hybrid
- C8 Dendrobium - Seedling
- C9 Dendrobium - Species
- C10 Dendrobium spare

CATTLEYA ALLIANCE

Notes:

- D1 Exhibition Type - Large White (Blooms over 110mm)
- D2 Exhibition Type - Large Lavender/Pink (Blooms over 110mm)
- D3 Exhibition Type - Large Any other Colour (Blooms over 110mm)
- D4 Exhibition Type - White (Blooms 91mm - 110mm)
- D5 Exhibition Type - Lavender/Pink (Blooms 91mm-110mm)
- D6 Exhibition Type - Any other Colour (Blooms 91mm-110mm)
- D7 Exhibition Type - White (Blooms 61 to 90mm)
- D8 Exhibition Type - Lavendar/Pink (Blooms 61 to 90mm)
- D9 Exhibition Type - Any other Colour (Blooms 61 to 90mm)
- D10 Exhibition Type - Minature White (Blooms up to 60mm)
- D11 Exhibition Type - Miniature/Lavender/Pink (Blooms up to 60mm)
- D12 Exhibition Type - Miniature Any other Colour (Blooms up to 60mm)
- D13 Cluster Type Cattleya - 5 or more blooms per stem
- D14 Novelty Cattleya (Inc: spotted/striped/cocktail)
- D15 Cattleya Alliance Species
- D16 Cattleya Alliance Seedling
- D17 Cattleya intermedia mauve(normal colour) aquinii
- D18 Cattleya intermedia mauve(normal colour) orlata, no splash/aquinii
- D19 Cattleya intermedia blue(coerulea) aquinii
- D20 Cattleya intermedia red(vinicolour) aquinii
- D21 Cattleya intermedia orlata any other colour, no splash/aquinii
- D22 Cattleya intermedia any other colour

LYCASTE

Notes:

- E1 Lycaste - predominately Red/Pink
- E2 Lycaste - any Colour
- E3 Lycaste - Species
- E4 Lycaste - Seedling

LYCASTE

Notes:

E5 Lycaste spare

ONCIDIUM ALLIANCE

Notes:

F1 Oncidium Hybrid
F2 Oncidium Hybrid (Tolumnia Parentage)
F3 Oncidium Alliance Hybrids and Intergeneric
F4 Oncidium Alliance Hybrids and Intergeneric (Brassia Parentage)
F5 Oncidium Miniture (Twinkle Types)
F6 Oncidium Seedling
F7 Oncidium Species
F8 Oncidium Spare

PAPHIOPEDILUM ALLIANCE

Notes:

G1 Paphiopedilum Classic type - predominately Yellow/Green
G2 Paphiopedilum Classic type - predominately Red/Brown.
G3 Paphiopedilum Classic type - Spotted
G4 Paphiopedilum Classic type - any other Colour
G5 Paphiopedilum Maudiae (Barbata type)
G6 Paphiopedilum - Primary Hybrid
G7 Paphiopedilum - Novelty Hybrid
G8 Paphiopedilum - Multifloral
G9 Phragmipedium - any colour
G10 Phragmipedium - Species
G11 Phragmipedium - Seedling
G12 Paphiopedilum - Species
G13 Paphiopedilum - Seedling
G14 Paphiopedilum spare

PHALAENOPSIS ALLIANCE

Notes:

H1 Phalaenopsis Hybrid - predominately White/Pink > 60mm
H2 Phalaenopsis Hybrid - predominately Striped or Spotted >60mm
H3 Phalaenopsis Hybrid - predominately Any Other Colour >60mm
H4 Phalaenopsis Hybrid - predominately White/Pink <60mm
H5 Phalaenopsis Hybrid - predominately Striped or Spotted <60mm
H6 Phalaenopsis Hybrid - Any other colour < 60mm
H7 Phalaenopsis Novelty

PHALAENOPSIS ALLIANCE

Notes:

- H8 Phalaenopsis - Species
- H9 Phalaenopsis - Seedling
- H10 Phalaenopsis spare

PLEUROTHIAD ALLIANCE

Notes:

- J1 Pleurothallid Hybrid - any colour
- J2 Restrepia Species
- J3 Pleurothallid - Species (Inc: Masdevallia and Dracula)
- J4 Pleurothallid - Seedling (Inc: Masdevallia and Dracula)
- J5 Masdevallia Yellow/Orange
- J6 Masdevallia Red/Purple
- J7 Masdevallia Stripped/Spotted
- J8 Masdevallia Any Other Colour
- J9 Pleurothallid spare

VANDACEOUS ALLIANCE

Notes:

- K1 Vandaceous Hybrid
- K2 Vandaceous - Species
- K3 Vandaceous - Seedling
- K4 Vandaceous spare

ANY OTHER GENUS

Notes:

- M1 Dendrochilum species
- M2 Coelogyne species
- M3 Any Other Genus - Species
- M4 Any Other Genus Hybrid
- M5 Any Other Genus - Seedling
- M6 Bulbophyllum Hybrid
- M7 Bulbophyllum species
- M8 Any Other Genus spare

CUT FLOWER

Notes: Not judged as a flower arrangement. Orchids Only

- N1 Single Spray of Orchids
- N2 Single Flower Orchid

FOLIAGE

Notes:

- P1 Best Fern
- P2 Best Foliage
- P3 Best Bromelaid
- P4 Foliage spare

NOVICE GROWER

Notes:

- Q1 Cattleya Alliance - Novice
- Q2 Cymbidium - Novice
- Q3 Dendrobium Alliance - Novice
- Q4 Lycaste Alliance - Novice
- Q5 Oncidiinae Alliance - Novice
- Q6 Paphiopedilum Alliance - Novice
- Q7 Phalaenopsis Alliance - Novice
- Q8 Pleurothaid Alliance - Novice
- Q9 Vandaceous Alliance - Novice
- Q10 Zygopetalum Alliance - Novice
- Q11 Any Other Genus - Novice
- Q12 Australian Native Species - Novice
- Q13 Australian Native Hybrid - Novice
- Q14 Species Exotic - Novice
- Q15 Seedling - Novice
- Q16 Novice spare

Toowoomba Orchid Society inc. Judging Rules For Judges

Show Rules 2023

1. All entries are free and open to all current financial members of The Toowoomba Orchid Society Inc. (financial means, as at the last general club meeting prior to the show).
2. The show shall be judged in accordance with AOC Rules unless otherwise stated in the schedule.
3. Plant tags must be securely fixed as close as practicable to the flower.
4. All plants must be tabled by the time specified in the schedule.
5. Show Marshall (in communication with at least one other show committee member) will ask stewards to remove plants that are considered not in show bench condition or considered 'potentially diseased' or infected by insects (This includes any sales plants in club sales area).
6. All plants MUST have been owned by the exhibitor for a minimum of (6) six months prior to the commencement of the Show.
7. Staking and tying shall be sufficient to support the inflorescence, but shall be unobtrusive and not detract from the display of the bloom. Ties must be removable.
8. A seedling plant is identified as one which is "flowering for the first time"; which has been raised by seed and not a mericlone or a division of an older plant. It is to be identified by an additional pink label with the word 'Seedling' printed on it.
9. A specimen plant is identified as a single clone carrying many spikes as appropriate to its genera as defined by judges. It is to be 'one plant' and not several of the same clone/s placed together. The plant will have a large number of flowers and show evidence of good culture over a long period of time.
10. Any inflorescence being judged from which a flower or bud has been removed or is missing (e.g. may be transport damage) on the spike shall be included in judging (at judge's discretion) unless the missing flower or flowers are not presented with the plant.
11. A pollinated, dead or dying flower shall not disqualify that plant from judging but will detract from the quality of the plant.
12. A minimum of 50% of the flower/flowers on a plant or inflorescence must be fully opened before it is eligible to be judged. The exception to that is if they are a sequentially flowering plant.
13. All classes that are in the show schedule will be judged. If there is only one or two in the class and judges consider the plants worthy of a placing then they are to be awarded as appropriate (1st, 2nd, 3rd). If the flower quality is not up to a standard appropriate to the judging panel then judges do not need to give placings or champions.
14. Plants are to be exhibited in one class only, except for Champion's classes, Grand Champion and Reserve Champion.
15. The Show Marshall shall answer any question on eligibility, definitions, classification or interpretations requiring a ruling. All decisions the show marshall delivers on are final & non-negotiable.
16. No plant or plants may be removed from the show except for judging purposes or until the completion/end of the show. This can be waived only after permission is given by the show marshall &/or the Show Committee.
17. An Australian Native Orchid is defined as a native orchid species as being found on the Australian mainland or any coastal island under the political control of an Australian State or territory, but does not include natural hybrids.
18. An Australian Native Hybrid, including natural hybrid, is the progeny exclusively of Australian Native Orchid Species or their hybrids, that is to say, no exotic orchid shall be included in their ancestry.
19. In Championship classes only a first place will be awarded.
20. The Grand Champion Orchid of the show shall be selected from the winners of the "Section Champions". Reserve Champion Orchid shall be selected from the remaining winners ("Section Champions") plus the second best orchid chosen from the sectional group or class from which the Grand Champion Orchid was chosen.
21. Classes and/or amendments may be made to the Show Schedule in any section as required by the show committee or Show Marshall on the night of judging.

22. The judge's decision is FINAL and non-negotiable.
23. Only the Show Marshall, Scribes, Runners and Executive are allowed into the judging area while judging is being undertaken.
24. The use of stands or plinths is not allowed unless the flowering raceme/inflorescence and/or flowering cane hangs below the bottom of the pot. If this occurs, a minimal stand may be used at the discretion of the Show Marshall/Show Committee. This does not apply to plants that are mounted or plants that have exposed root balls (e.g. Vanda's).
25. If a plant entered in the Autumn or Summer show requires a stand, the owner must provide a suitable stand for display. In other shows a hanging stand will be provided.
26. No member is authorised to touch/handle another person's plant. If moving a plant is necessary, only the owner, Show Marshall or Show Committee member may do so.

Judging Panel Leader:

The Club requests that the judging panels are divided so that each panel of judges complete genera sections (thus a single panel can then judge sectional champions as they go) and the Judging Panel Leader accepts this request from the club. Please no splitting of sections between panels. This is requested to assist in the shortening of judging time for our shows.

The Committee of Toowoomba Orchid Society Inc., will take all reasonable care but will not accept any responsibility for the theft, loss, destruction or damage occasioned to orchids & or other entries or items, either during transport to & from the venue or while on display at the show.

All entries must be on the bench at the show venue by 6:00pm.

For any other information please contact:

The Secretary, Toowoomba Orchid Society Inc. P O Box 7710, Toowoomba 4350
